

University Convocation Center & Arena

New Plumbing Construction

Contract Value: \$2.6 Million

Project Description: Work on the university's new convocation center began in January 2009. This new facility will be host to arena events including the university's athletic events, conventions, graduation, etc.

S. P. McCarl & Company, Inc. is responsible for the plumbing in this new 150,000 sq. ft. facility. This includes plumbing for all the restroom facilities, kitchens, water fountains, etc.

The general contractor on this project has done a great job in leading a safe work environment. S. P. McCarl & Company, Inc. has worked very proactively with the general contractor to ensure safe practices of all involved. At our company, safety is the top priority at all times. The cleanliness of the work areas and diligent focus on safety has also helped this project to be completed efficiently.

This project is scheduled to be completed in Spring 2011.
